

**North Carolina Future of Nursing Coordinating Council**  
**Meeting Summary - Sept 28, 2011**  
**Location: Foundation for Nursing Excellence**

The Coordinating Council met to discuss the MOA from the Robert Woods Johnson Foundation making NC an Action Coalition. While no major red flags were noted, clarification will be sought on two minor points before FFNE and AARP sign the MOA for the Council.

The Council reviewed the invitation list for the FON Advisory Committee meeting on Nov 9, 2011. Council members will contact invitees who have not responded to the invitation. The group agreed that Tom Ricketts should be asked to Chair this committee. The agenda for the meeting was finalized.

The Council considered a request from North Carolina AHEC to become a member of the Council. Since they are a state-wide agency, they were voted in as a member.

The Council got updates on the organizational activities of the Task Forces and Committees, as well as on CONNECT activities (which connect NC FON with NC legislators).
